

## Fellow Buffalo Model Boat Club Members:

At the April Monthly Meeting of the Western New York Garden Railway Society (WNYGRS), to be held on **4/17/24**, we will have a 30 minute presentation on:

Requested by WNYGRS and Train Bear Associates LLC, this E.M. Cotter Conservancy Educational & Informational presentation highlights the history of the Buffalo Fire Department and the changes to the waterfront over many years, and includes a video tour of our local Historic Landmark, the **119-year-old Fireboat E. M. Cotter**, top to bottom.

**The Presenter, Ron Endle knew my father in the Buffalo Fire Dept., and also worked with our WNYGRS Club Member John Manning at Engine 37, before his own retirement.**

**All Buffalo Model Boat Club Members are invited to view the presentation, and then depart (i.e. they are not required to stay for the WNYGRS Club Business Meeting which will follow).**

**Per prior practice, The WNYGRS will give Ron their standard honorarium for presentation, but all attendees are encouraged to make their own personal donations at the presentation's conclusion.**

**If you are planning to attend, please send an email - no later than Saturday, April 13th - to [dr1gb@roadrunner.com](mailto:dr1gb@roadrunner.com), indicating the number planning to attend.**

Hope to see you there!.

**Rich Dulski**

**WNYGRS Treasurer & Past President (2007)**

**BMBC Member**

### **Meeting Location:**

**Ebenezer United Church of Christ**

**630 Main Street**
